 [Print](#)

[Refine Results](#)

Supportive housing programs are available in designated residential buildings (apartments or group homes) to people who require daily personal support and essential homemaking to live independently. Eligible individuals include the frail elderly, people with physical disabilities, people with acquired brain injuries and those living with HIV/AIDS. Personal support is provided on-site and may be available up to 24 hours a day, depending on individual need. Care may be provided directly by the residential building or by another service and is offered in addition to any visiting home health care.

## HOME HEALTH AND COMMUNITY SUPPORTS - CHAMPLAIN

Home care serves people of all ages with a wide range of health problems and disabilities at home, school, and in the community. Home health care services may be purchased directly, covered by private insurance plans, or publicly funded. In Ontario, [Local Health Integration Networks](#) handle publicly-funded home health care. Assisted living programs provide support, including equipment and medical supplies, so that people can live independently in their own homes for as long as possible.

Adult Day Programs - Champlain

Adult day programs (ADP) provide part-of-the-day supervised programming in a group setting for dependent adults, such as the frail elderly, individuals with Alzheimer's, or individuals with disabilities. Services may include leisure activities, meals and personal care.

To make it easy to compare services offered by these organizations, a [chart listing all adult day programs](#) is available in PDF format. It will be updated regularly.

A chart of [available spaces in Adult Day Programs](#) is provided for your convenience. Information will be updated monthly or as information changes.
